**Leaves Four Children.**  
Mr. Schickler was united in marriage after coming to Aurora to Mrs. August Schickler, a native of Rotterdam, Saxony, who preceded him to the great beyond about eight years ago. He is survived by four children, Mrs. Fred Wiesinger, Miss Louise Schickler and Carl Schickler of Aurora and Philip Schickler, Jr. of Elgin. The other children, Rosa Schickler, Muschler and George Schickler are deceased. There are five grandchildren, Miss Ruth Wiesinger and Carl Schickler Jr. of Aurora, and Paul, Phyllis and Rosemary of Elgin.

**Mrs. Florence G. Porteous.**  
(Contributed.)

After a lingering illness Mrs. Florence G. Porteous passed away at her home in LaGrange last evening at 10:30 o'clock. Mrs. Porteous was formerly Florence Hill, daughter of Thomas F. and Rebecca Pierce Hill of Vermont and was born at Waukegan, Ill., April 17, 1874.

Hon. Thomas Hill, it will be remembered, was the author of "Hill's Manual," and many other statistical books and was at one time mayor of Aurora. Mrs. Porteous is survived by two children, Gertrude, the wife of Stanley Wilson, and Norman Porteous, both of LaGrange. Mrs. Porteous spent her girlhood in Aurora and will be greatly missed by all of her friends. She was highly esteemed, cheerful, and was high-spirited, generous, and full of life—its trials and difficulties bravely and well.

The funeral services will be held at the home of her daughter, Mrs. Stanley Wilson, at 1600 LaGrange at 4 o'clock Thursday afternoon. Short services will be held at Spring Lake cemetery at 4 o'clock, where the body will be laid to rest by the side of her mother, who passed away about three years ago.

## TELLS AURORA FOLK OF RUSSIAN REVOLT

How Movement Started Thru  
Local Republics Explained  
by Victor Yarros.

Slava Have Had Cooperation for  
Years Despite Ignorance  
and Czar's Opposition.

The Forum crowded the Lincoln cafeteria to the doors, with visitors standing last night. It was the last meeting for the season. The next meeting will be held in October. Victor Yarros of Hull house, an editorial writer for the Chicago Herald, and special lecturer of the Chicago School of Civics and Philanthropy, addressed the meeting on "The Russian Revolution."

**Revolt of All Peoples.**—The uprising in Russia is not a revolution of radicals, but a protest against hunger, treachery and dishonesty, Mr. Yarros said. "All classes have joined in the movement, even the ultra-loyal citizens, Russian soldiers were dying and fighting without guns or equipment. When, on popular demand, the czar dismissed 40 ministers, he replaced them with 40 more from the same gang. The nation was betrayed. Many ministers have German names and were pro-German in their sympathies. The situation became so acute and treacherous, so persistent that the autocracy had not a friend left when the revolution came."

"The revolution is the climax of 100 years of development. For a century there has not been a day but a bloody demonstration or a wider spread of democracy. The Russian peasant is already accustomed to self-government in the village commune, a little republic. The revolution made general what before was local. The Russian also have developed \$5,000,000 co-operative societies, dealing in machinery, live stock and banks."

**Czar Feared Cooperation.**—The government feared this movement as it did the labor union, for the people were learning team work. Because of government opposition, making the organization illegal, the trade union became anti-government. Labor organizations were particularly feared because they are found in great industrial centers where the sentiment spreads rapidly to intellectual and other groups. Public protest culminated ten years ago, during the Russo-Japanese war, in the organization of the dumka. Peasant members of the dumka returned home, and filled with discussions by professors and public leaders, helped to impress the people that the czar, to whom they had always looked for help, was not infallible, wise or good.

"Because the czar was the head of the church, criticism of him had meant blasphemy. With all these forces working upon the popular mind, the revolution followed inevitably, when the people began to starve with an abundance of grain stored away and with the railroads not running because of incompetency. The people lost confidence in autocracy and took affairs into their own hands. Ultra-conservatives and radicals working together."

**Still Many Dangers.**—The revolution is not yet galloping down. There are yet many dangers. There is a tendency for the radicals to over-democratize all at once—they seek to banish class distinctions, the passing of political authority. Russia has the brains to weather the storm. Our own United States senate possesses only four minds as great as those in control of the Russian government today. Russia's greatest danger is the collapse of her army. Russia needs education, the masses are illiterate, but they have been trained in democracy. President Wilson truly said that autocracy is alien to the real Russian spirit."

**T. W. Cooper, assistant ticket agent in the local office of the Burlington railroad left this morning on a two weeks' vacation.** Mr. Cooper will spend part of his time at San Antonio, Texas.

**Mrs. Clara Comstock has returned from Sheridan, Wyo., where she has been visiting her son Rex.**

**Car Men Promoted.**—Three street car conductors and two motormen of the A. E. & C. lines were given advancement today when they took new jobs on the third rail line of the company. They are: Conductors, J. F. Schramm, L. F. Sparrow and J. C. Webber and motormen, J. Cochenour and H. B. Slusser. These men were given the new positions in accordance with the seniority arrangement which the company and employees have. The older employees have the first consideration for advancement when changes are to be made but some of the older men in this case did not apply for the positions on the third rail which these men got.

**30c Pound.**—For chocolate creams, good quality, assorted flavors. Shaffer's Confectionery, Downer place.

**Oak Park Chief Resigns.**—George Lee, chief of police at Oak Park for 25 years, an officer of the Illinois Policeman's association and known to many in Aurora, resigned yesterday. He will conduct a private detective agency.

**New Hospital Worker Here.**—Miss Della Hunt, who has had charge of the training school work at St. Ann's hospital, Chicago, began her new duties at the Aurora hospital today. Miss Hunt is filling the vacancy caused by the resignation of Miss Bonabella King.

**Military Funeral at Leland.**—Robert Stevenson of Leland, a private in the regular United States army, who died at Fort Bliss, Texas, last Friday, was given a military funeral at Leland today.

**Little Boy in Hard Luck.**—George Wood, son of Mr. and Mrs. M. O. Wood of Main street is pursued by a fox. He has the whooping cough and then while playing in his home fell and broke his collar bone.

## MAN WHO STABBED SOLDIER IS HELD

Henry Ortmann Taken to Chicago  
—To Go to N. Y. Detention  
Camp for War.

May Then Be Deported. Federal  
Agent Here on Case  
Declares.

Henry Ortmann, 29 years old, who stabbed Michael Kaylor, a militiaman, Monday night when the soldier told him he had "better quit shouting for the Kaiser," will be taken to Chicago tonight and from there sent to the detention camp at Ellis Island, New York. He will be kept in the camp with other enemy aliens until after the war.

It was announced at police headquarters last night by A. R. Ised, a government secret service man, that Ortmann would be taken to the Ellis Island camp. A United States deputy marshal was to arrive in Aurora this afternoon to take charge of the prisoner.

**Remarks Treasonable.**—Testimony of witnesses was taken by the government man last night in the office of Chief of Police McCarty. Several who were in the barroom at the time of the stabbing testified that Ortmann was yelling, "Hurl rah for the Kaiser, to — with the United States." The remarks alone were enough to warrant the taking of Ortmann into custody, the government man said.

After hearing the witnesses, Ised was taken to Ortmann's room in the Men's Home hotel. He found it decorated with pictures of Kaiser Wilhelm.

**May Be Deported.**—"Ortmann will be taken to Ellis Island and held there as an enemy alien until after the war," the secret service man said. "After the war he may be deported as an undesirable citizen."

Attorney Fred Shearer was retained by L. Okpal, Ortmann's employer, to prevent, if possible, the prisoner's deportation.

Ortmann came to the United States from Germany four years ago and has been living in Aurora ever since. He has no relatives living in this country and has been "bitching it" in the Men's Home hotel. He was taken to his room today to get his belongings. While there he tore up a number of letters and photographs.

## Obituary

Philip Schickler.

The funeral of the late Philip Schickler will be held from the home Friday afternoon at 2 o'clock, the Rev. A. M. Loh officiating. Interment in Spring Lake cemetery.

Mrs. Mary C. Downing.

Mrs. Mary Catherine Downing, aged 77 years, one of Aurora's oldest citizens passed away at the Aurora hospital this morning at 8 o'clock after a lingering illness of the past several months. She had been failing in health all winter and was removed to the hospital yesterday morning.

She was born Sept. 27, 1839, at Winchester, Quernsey county, Ohio, and came to Aurora 50 years ago, having lived here ever since. She was one of the charter members of the Fourth Street M. E. church and had a wide circle of friends.

Mrs. Downing was first married to George Watkins, one of the old Burlington engineers before the strike of 1893. He died many years ago and Mrs. Downing later married to Digery Downing who died several years ago. She leaves to mourn her loss one daughter, Mrs. Peter L. Hoffman of Aurora, with whom she made her home at 268 Marion avenue; two sons, Mrs. Elizabeth Adams of Aurora and Mrs. Ira O. Smith of California; one brother, Frank M. Barry of Chicago and one son, Joseph Watkins of Chicago.

The funeral will be held from the late home, the home of her daughter, Mrs. Peter L. Hoffman, 268 Marion avenue Saturday afternoon at 2 o'clock. The Rev. George P. Courrier will officiate. Interment will be in Spring Lake cemetery.

**Margaret Langton Funeral.**—The funeral of the late Miss Margaret Langton will be held from the late home, 233 Kane street, Thursday morning at 9 o'clock and from St. Mary's church at 2 o'clock. Interment will be in Mt. Olivet cemetery.

# WE SHOD 10,000 FEET

With Famous Shoes in Eleven Days—During This

# MIGHTY ABSORPTION SALE OF WALK-OVERS

(By JOE REISING)

**HARD** at it—bending every effort to satisfy the demands of hundreds just as promptly as possible to believe and feel certain will confront us for some days to come. Thrifty buyers simply cannot resist the tempting values in this sale. They can't afford to stay away and the majority know it.

If you've visited shoe stores lately you must know about where retail prices stand (in other stores) at this particular time. They're high, yes, and due to go higher still.

The scarcity of materials and shoe craftsmen, principally the former, have been responsible for the heavy advances of the past year. Now that war has been declared this continued scarcity of leather, coupled with the greater demand of foreign nations and the subsequent shortage of workmen, is going to send all footwear to the highest selling point ever known in the history of the business.

Should this not be sufficient warning then, to all men and women that now, while this golden opportunity is at hand, is the time to buy?

You remember what you used to pay for shoes and oxfords two years ago. Well, come here NOW and you can buy them for even less, and the same kind of fine goods.

Other honest shoe men will advise you NOW to invest your money in only the very best shoes. The very best at other stores NOW means that you must pay the big prices. All right, take any shoe man's advice as to grade, but don't pay the price; you don't have to, as long as this stock holds out.

Certainly there are no better shoes made today than Walk-Overs. Never was or never will be. You can choose from this brand new and complete stock the latest styles in high and low shoes (same for men and children), and obtain a maximum value; a shoe in the height of fashion, built to wear and sold to serve—fitted to your foot as they should be, at whatever price you feel you can afford to pay.

I'm here to tell you that no other sale in years has evoked quite the spontaneous buying action as has this sale of GOOD SHOES.

There's a reason, of course—WALK-OVERS—PRICE!

Figure it out for yourself.

## Society

Not deterred by the white frost which covered Aurora at about 5 bells this morning, women were busily engaged during the day in "putting out plants." Last night the pretty custom of May basket hanging was observed by the children, notwithstanding the fact that popcorn was necessarily utilized instead of spring flowers in filling most of them. One picture which will remain in memory for years was that of the main, walking carefully up the path, bearing a much decorated pink basket (evidently made by childish fingers) and containing a card addressed with equally childish fingers. Light footsteps dashed about the walks surrounding the house for an hour or so as children left baskets with all the pomp and ceremony which means so much to the little people. In the days of war and pestilence and sadness generally, it is a joy to go back in spirit to the days when a May basket was a most important part of life.

**The Red Cross Shop.**  
A fair representation of women attended the Red Cross Shop meeting this morning on the second floor of the Y. M. C. A. building, but this representation was not at all what it should be and not at all what it will be in the near future. If the Red Cross funds progress as rapidly in Illinois as they have in every other state in the union, the making of those Red Cross dressings is a real art and, it would seem, quite as sensible at present writing as crocheting lace for the ends of bath towels and wash cloths.

**The Benefit of Red Cross.**  
The clever minstrel performance which is to be staged in the near future at the Fox theater for the benefit of the Red Cross, was under consideration this morning by a committee from the shop with the director, E. W. McClave. Mr. McClave states that he brought the first moving picture to the city ever shown here—the Passion Play, shown in the S. S. Senecaugh store. These pictures were of the 1890 performance of the last pictures ever taken of the Passion Play.

Mr. McClave was busily at work during the day interviewing well known people and securing their cooperation in bringing about this performance for the purpose of raising Red Cross money.

**To Sew on Monday.**  
Another sewing meeting which has been launched is that which is to be held each Monday at the E. F. Schoeberlein garage for the purpose of sewing and quilting for both the French wounded and for the Navy League. When it is considered that there are 52,000 American boys enlisted in France at the present time, there is reason to believe, so say the women, that anything made is quite as likely to go upon an American as a Frenchman. They will make the little kits so wanted by the Navy League, and will also make shirts. Others will knit.

This in no wise interferes with the regular meeting of the Red Cross Shop on Wednesdays, as women can, if they desire, attend both.

Mrs. W. S. Frazier, who recently returned from a visit to Boston, came home with the conviction that it is wise for the women of this section to make every effort to remain sane and calm, no matter what the pull upon the heartstrings. "There is a tendency in the east to become hysterical," said she. "Women will be of far greater help if they try to keep calm." She is also of the opinion that women can aid greatly by avoiding all waste, but that it is not well to simplify the life too greatly, particularly in the way of dress and employment of help, because by so doing, it may throw out of employment many women who are obliged to earn a living by going out into domestic service or by garment making.

**The Silk Shoes.**  
One of the leading shoe dealers in the city was of the opinion this morning that the silk shoes which are being shown in Chicago, will not be put in stock to any great extent because of the great hazard. The price is such that a woman will naturally demand that a shoe wears reasonably well, and as yet the silk shoe has not been tested. In his opinion the leather of which shoes are made, will not be any too good for a year or two—that is the leather in shoes of moderate price. He believes that the price of shoes will go down in time, but that in all probability shoes will never be as cheap as they have been in the past.

**Christian Culture Class.**  
Fifty-four members of the Christian Culture class of the First Methodist church attended the annual banquet last evening at the church. The banquet was served by members of the Ladies Aid society of the First church. The tables were extremely attractive in Jonquil and ferns.

The place card, in the form of an attractive booklet, bore a snapshot picture of the much beloved teacher of the class, Miss Elsie C. O'Connell, as well as the colors, green and gold. With were found the words of the hymn of Social Service, which was sung at the conclusion of the program.

The following was the program:  
Song, "Spring"—Mrs. Beale H. Miller.  
"Spring is in the Air. The Spirit of a Woman's Bible Class"—Miss Helen Chatfield.  
"Next Builders. What a Woman's Bible Class"—Mrs. Margaret Cooper.  
"Mrs. P. Crane."  
"Seed Pockets. Aims of a Woman's Bible Class"—Mrs. Margaret Cooper.  
"How Does Your Garden Grow? Our Class Activities"—Mrs. Laura Encke.  
"Spring Flowers. The Blessings of Difficulties"—Mrs. Reid.  
"The Garden and Roses"—Mrs. Beale H. Miller.  
"Hymns of Passage. Other Classes I Have Known"—Mrs. John L. Cass.  
"Bouquets of Spring Flowers. An Appreciation"—Miss A. Levedahl.  
"Digging for Bait. Hot to Catch the New Member"—Mrs. J. B. Grommont.

"Spring: It's a Sign of Promise. Our Future"—Miss Carrie Eaton.  
Hymn of Social Service. The Class Toastmaster—Miss E. Levedahl.  
At the Y. W. C. A.  
Miss Gertrude Gordin who gave an excellent address at the association Monday evening, talked again yesterday before the association club.

girls. Miss Gordin is earnestly working among the girls of this central field with the idea of leading them to see the necessity of preparing for the new conditions brought about by the war. She doubts many girls will be compelled to take the place of men sent to the front, and as many will be, doubtless, compelled to go from one city to another, as factories in one section shut down and others operate at increased output—she urges the girls to prepare by saving strength and money, and by learning to stand fast and square no matter what conditions confront them.

**Bridge Its.**  
A meeting of the Bridge Its will be held Friday at the country home of Mrs. E. C. Johnson, west of town. Luncheon will be served at 1 o'clock. With any sort of weather at all, this should be one of the most enjoyable meetings of the year.

**Coming Home Tonight.**  
Mrs. Emma Alschuler and son, Joe, one, have reached Chicago, and a telephone message from them this morning stated that they would arrive home this evening. They have been spending the winter in California.

**"Pageant of Nations."**  
"The Pageant of Nations," an elaborate spectacular entertainment, given recently at the Fourth Street Methodist church was repeated last evening at the East High school auditorium for the benefit of Young School Parent-Teacher club. Mrs. Emma Skinner Miller coached the young people and played the accompaniments for the songs and dances. More than 500 people were present. It was a much more finished production than the first as the stage facilities at the high school are much better and several new features had been added.

The stage setting was especially beautiful. The large flag which has been made at the Morlock Manufacturing company was draped across the back of the stage and a huge basket of red, white and blue flowers, donated by J. M. Smely, adorned the center of the platform. Each nation was represented by a young man and woman who, garbed in appropriate costume, entered the stage dancing and singing. England, Scotland, Ireland, France, Germany, Switzerland, Holland, Sweden, Norway, Russia, Italy, Spain, Japan and China were all introduced by the entertainers.

America was represented by the Goddess of Liberty. "The Bachelor's Dream" was also given in which all the girls who appear before the bachelor are rejected until the American girl arrives. The program closed with a march of the nations and the singing of the "Star Spangled Banner."

The members of the cast will be entertained by the women of the Fourth Street Methodist church at a banquet in the high school cafeteria next Tuesday evening.

**For Bride-elects.**  
Miss Chloe Holt and Miss Irene Faith entertained last evening at the home of the former in South Street in honor of Miss Beale Hanks and Miss Marguerite Johns whose weddings occur soon. At cards Miss Hanks won high honors and Miss Faith received the all out favor. A dainty luncheon was served later with the decorations in pink and white. While the guests were seated at the table a messenger brought two large May baskets filled with gifts for the bride-elects.

**Ypsawaukee Dramatic Club.**  
The Ypsawaukee Dramatic club will give a three-act college play, "The Betty Wales Girls and Mr. Kidd," in the Y. W. C. A. auditorium Thursday evening at 8 o'clock under the direction of Mrs. H. D. Rhoden. The cast of characters is as follows: Betty Wales.....Evelyn Rhodes Bob Parker.....Lillian Schwarz Babbie Hildreth.....Margaret McEnroe Babe Henderson.....Joanne Moorman Madeline Ayers.....Mildred Pratt Helen Chase.....Helen Burke Roberta Lewis.....Eva McManus Georgiana Ames.....Luella Bagley Mary Brooks.....Peggy Dushy Miss Priscilla Hicks.....Agnie Smith Georgia Ames.....Stella Fuss The Mysterious Mr. O. Upton Kidd. There will be songs by the Orpheus male quartet and Mrs. Kathryn Hurd Stephens, and readings by Miss June Rhoden.

**Five Hundred Club.**  
Miss Cecile Horman entertained the members of a five hundred club at her home in North Fourth street Monday evening. Miss Grace Wroughton and Mrs. Leroy Stephens won the score.

**K. G. Dance.**  
Sixty young people enjoyed the May dancing party given by the Young People's club of the Knights of Columbus in K. G. hall last evening. Colored orchestra played, featuring the banjo. Another party will be given next Wednesday evening.

## AURORA PINMEN GET LOW COUNTS

El Roi Tans Total 2,609 in Five Men Event in the State Bowling Tournament.

## OTHER TEAMS ALSO LOW

A bad start, 325, kept the El Roi Tans out of the money in the Illinois state tourney last night. They couldn't quite get going in the next two games, stopping at 277 and 285, for a total of 2,609. Hard luck on the part of Bert Mackinnon, another of the five, was all that kept the five down.

The Elks and Kramers Stars, the two other Aurora teams that shot yesterday, both finished outside the money. The Elks stopped at 245 and the Stars at 217. Kramers bowlers also shot at their singles and doubles yesterday but got low scores. Harry Kramers had the best count of the lot, landing 521 in his singles.

Frank Farwell, a bowler from the Reno league, did the prize work of the day yesterday, landing 619 in the singles by virtue of a 253 count in his final game. Two unattached bowlers, E. Black, and E. Carlson, were high in the doubles with 2,154. The El Roi Tans and the Elks about their singles and doubles Friday.

The Tans' score:

Black, E.	145	131	202
Carlson, E.	144	159	145
Younger, E.	192	166	165
Bloomquist, E.	204	181	171
Mackinnon, E.	159	170	116
Totals	829	897	815

Three games—2,609.

## ENTRIES FOR LOCAL PIN MEET TO CLOSE TONIGHT

Entries for the Aurora city bowling tourney close tonight. Entries may be made at the Sylvanite alleys until closing time tonight and will be accepted tomorrow morning. A rush of entries is expected today and the bowling fans expect that at least 20 teams will take a shot at the city championship.

The tourney which opens May 7 will be the first annual Aurora bowling tourney, for every year in town where a charter of the comers is held.

Practically every team in the city and Merchants' league will enter. As well there are several independent firms that have been organized for the tourney.

The entry fee is \$5 for the route with 50

## "SILK" O'LOUGHLIN HAS EDGE ON TYRUS COBB

Cleveland, Ohio, May 2.—Ty Cobb, the Detroit star, is "tying" the decision of Silk O'Loughlin, the veteran American league umpire. O'Loughlin called a strike in a recent game here that Ty thought was too high. He predicted:

"Never missed a strike in my life, Ty Cobb."

"Well, that one was too high," said Cobb.

"Trouble with you, Ty, is that you took too long a stride," retorted O'Loughlin.

"What do you mean?" flashed back Ty.

"You trying to tell me how to bat?"

"Well, aren't you trying to tell me how to umpire?" was Silk's quick comeback.

Ty took another swing.

## QUIMET CASE NOT SETTLED

Association Finds That Former Golf Champion Is Both an Amateur and Professional.

## BROOKLYN IN BAD START

(By Jack Velock.)

New York, May 2.—Francis Quimet is both an amateur and a professional. The Western Golf association and the United States Golf association can prove it. The western body classes the Boston youth as a former amateur, and the U. S. G. A. Quimet is blacklisted.

But, the U. S. G. A. says that Quimet is a professional, and as such is not eligible to compete for the national amateur championship. And because the national event is held under the auspices of the U. S. G. A. Quimet is blacklisted.

Chicago's Mr. Francis is an amateur, in Boston he is a "pro," and in all he appears to be a most versatile golfer. Until the two golf bodies patch up their squabble and quit fussing, players who will sporting goods and otherwise permit themselves to become "professionals" will continue to be in bad with the national golf body, and the big tournaments will suffer.

Golf course architects are also looked upon as "pros" and it has been hinted that because Chick Evans writes golf articles for the newspapers and gets real money for it some of the sterner old golfing daddies would like to throw him out of the game.

The western body does not discriminate against golf writers. It could scarcely afford to do this and eliminate Evans, for his presence among competitors in tournaments out west is a big boost and adds interest to the game.

The present golf body doesn't seem to care a rap how many star players it keeps out of the big tournaments, and because of its uprightness in this matter, the Scotch game will have its growth held back to some extent.

If the golfers in some parts of the country plant a few spuds in some out-of-the-way corner of the field to help Uncle Sam get a bumper crop they will probably be thrown out of the amateur synagog and branded as professionals.

Wine About the Dodgers.

Brooklyn fans were anything but pleased with the way the championship Dodgers took licking after hiding as the season got under way. They could not understand what was the matter. They saw their champions lambasted right and left.

Some said the pitching was the fault, and others that the club hadn't got organized and wasn't playing inside ball.

But there is also a chance that the Brooklyn club did not care whether it won or lost, thanks to the memory of huge slices of salary that were lopped off the pay roll by Colonel Ebbets. The players are reminded of these cuts in salary the first and fifteenth of every month, and you can hurt a player more by smashing him in the paycheck than by beating him with a fast one.

While the Doctor hounds all signed up, it was not a case of being satisfied, but a case of sign or be suspended, and some of the fans are still wondering whether salary cuts have not hurt the Dodgers more than anything else.

Sale a Help to Merkle.

The sale of Fred Merkle to the Cubs by Brooklyn is looked upon as a boon to the former Giant first-sacker. As a member of the Dodgers Merkle decorated the bench as long as Jake Daubert was able to be in the game, and no first-class ball player can be contented spending a season on the long timber.

Merkle was a mighty good buy for the Cubs, too. His presence in the Chicago lineup will increase the hitting of the club and add snap and ginger to the work of the infield. It was a fortunate thing for Chicago that a player of Merkle's caliber was available at a time when the Cub infield combination was wrecked by Eber's injury. And there is little doubt that Merkle will be an improvement over Eber.

Johnny Kilbane of Cleveland, featherweight champion, outpointed Freddie Welsh of England, world's lightweight champion, in eight out of 10 rounds of their boxing match at New York. Kilbane weighed 130 and Welsh 125.

Johnny Dundee, New York lightweight, won a referee's decision over "Chick" Simler of Pennsylvania, in a 12-round match at Boston.

## CUBS GO INTO SECOND PLACE

St. Louis, May 2.—One big inning, the fourth, was all the Cubs needed to push them into second place in the National league race yesterday afternoon, for that wild round netted seven runs, plenty more than required to make it two straight over the skidding Cardinals. The final figures were 9 to 0, and only a half game separates the Braves from first place. Young Dutch Ruether handled the throw, ing successfully and his mates whaled the tar out of two local experts.

That big fourth season smash was long be remembered by Willie Throat and Mule Watson, the hurlers who were in and out when the Cubs started on their rampage. Previous to this outbreak Willie had earned the Mitchell with many a hit, pitching only 10 batters, so well did he have the visitors buffaloed. Then it happened, and before the side was retired in the fourth 11 batters took a low hold at the plate, Harry Walter getting a single and triple, one off Doak and the other off Watson, who relieved Willie when the going got too hot.

Score by innings:

Cubs	.....	6 0 0 7 0 0 0 5-9
St. Louis	.....	0 0 0 0 0 0 0 0-0

Three-base hit—Walter. Home run—Doyle. Strike-out—By Douglas. 1; by Ruether, 2; by North, 2; Bases on balls—Off Ruether, 3; off Doak, 2; off Watson, 12 off North, 5. Passed ball—Gonzales. Left on bases—Chicago, 4; St. Louis, 8. Umpires—Klem and Emslie. Time—Two hours.

## STILL HOPE TO STAGE DARCY BOUT IN OHIO

(By Associated Press Leased Wire.)

Youngstown, Ohio, May 2.—Altha Governor Cox has ruled that Lee Darcy, the Australian middleweight, cannot box George Chip here May 19, the promoters are still hopeful that the contest will be decided.

A committee of business and professional men will call on the governor and attempt to convince him that there is no solid reason why Darcy should be barred from boxing in this state.

## SIX NEW UMPIRES WORK IN THREE-EYES LEAGUE

(By Associated Press Leased Wire.)

Chicago, May 2.—Six umpires, five of them newcomers, will be in the field when the Three-Eyes league season gets under way tomorrow. Frank Brown of Pittsburgh, a veteran in the league, is the only umpire retained from last season's staff.

The new officials are Howard ("Ducky") Holmes of Dayton, Ohio, a former major league umpire who umpired in the Central league last season; W. W. Walker of Chicago; L. D. Hartford of San Francisco, a scout for the Los Angeles club last season; Jack Daly of Rochester, N. Y., and W. C. Hollingsworth. Daly officiated in the New England league last season. Hollingsworth is a veteran of the minor leagues.

President Treasury is to hold a conference with the officials here today before assigning them for the opening games.

## WOULD START LATER

(By Associated Press Leased Wire.)

Detroit, Mich., May 2.—President Navin and Manager Jennings of the Detroit Americans are strongly in favor of a plan to start the baseball season about two weeks later than the usual opening and playing a little later in the fall. Mid-April weather has been responsible for many postponements this season, as usual, and it is believed that many double headers could be avoided if the season did not open until the last week in April.

## TORPHE QUILTS FOOTBALL

(By Associated Press Leased Wire.)

Detroit, Mich., May 2.—A final effort by local promoters to induce Jim Thorpe to join his football team this fall has failed. Semi-professional football was so successful here last autumn that a Detroit man offered Thorpe an attractive salary to play Sunday games. Jimmie Thorpe was sold to Cincinnati by the New York Nationals. His batting has shown some improvement and the Indian athlete believes he has a future as a ball player. Thorpe's reason for refusing to play football was that it is too dangerous.

## JOHNNY KILBANE WINS OVER WELSH ON POINTS

New York, May 2.—Johnny Kilbane of Cleveland, world's featherweight champion, outpointed Freddie Welsh of England, world's lightweight champion, in eight of 10 rounds of their boxing match here last night. Kilbane weighed 130 pounds and Welsh 125.

Welsh was on the defensive the greater part of the bout. Kilbane, altho the lighter man, forced the pace all the way, out-hitting and otherwise outpointing his opponent by a considerable margin.

In the opening round Kilbane crossed to the jaw with his right and was always forcing. In the second he crossed his right to the head and jaw and followed with four lefts to the head and face. This right cross was the heaviest blow struck in the match.

Welsh was short in his leads and missed several swings in the third and Kilbane had the better of the round. Kilbane scored frequently in the fourth, but Welsh opened up in the fifth and outpointed his opponent.

From this point to the end of the bout Kilbane did most of the forcing and while both were guilty of holding, Welsh was the more frequent offender.

## TENNIS AT PURDUE

(By Associated Press Leased Wire.)

Lafayette, Ind., May 2.—Tennis is again commanding attention at Purdue, and an effort is being made to arrange matches with other colleges. Coach James has cut his squad to eight men. They are: Rier, Tatum, Paton, Tong, Downer, Martinez, Mayer and Roman. Mayer Tatum and Rier were members of last year's squad.

## PLANT GOLF LINKS

(By Associated Press Leased Wire.)

Minneapolis, Minn., May 2.—Golf clubs, following out the suggestion of the department of agriculture that every available plot of ground be cultivated, are planting farm products in the unused portions of their links. The Minneapolis club and the Interlochen club are planting garden truck, and the Minneapolis Golf club is preparing to plant four acres of potatoes.

## MACHINE GUNS AT BALL PARK

Lieut. Carr to Give Exhibit at Opening of Baseball Season Next Sunday.

## AURORA IS TO PLAY CO

Lieut. Hal Carr of the Third regiment machine gun company has consented to give an exhibition at Fox River park for the baseball game next Sunday afternoon. It will be the first time Lewis machine gun has ever been demonstrated in Aurora.

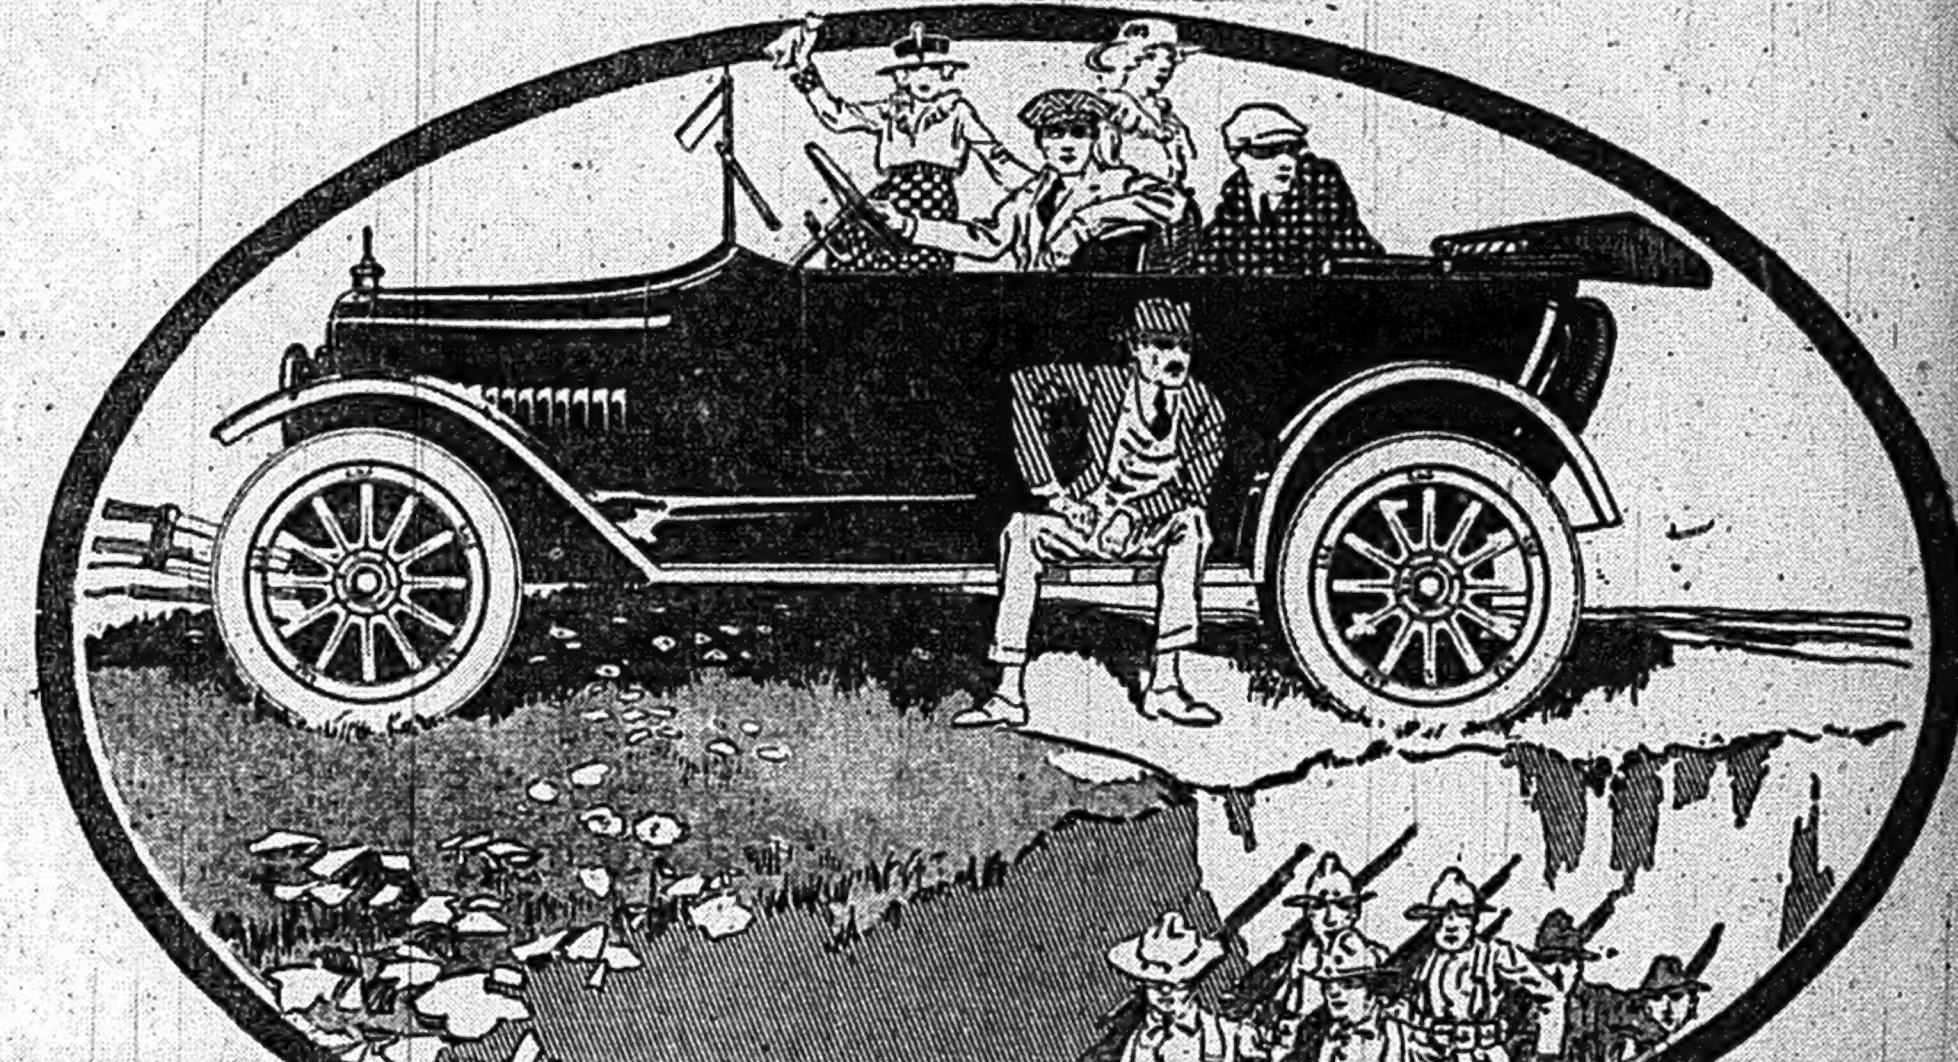

Two of the machine guns will be taken to the park at noon Sunday. Lieut. Carr and Sergt. William Wargum will sit men to the park. They will put the guns at 2:15 o'clock after which the game will be played. The machine gun company was organized on the Mexican border. Carr, sergeant in Company 1, made a study of the gun. He was then promoted to the rank of lieutenant and placed in command of the company. When Carr returned from the border, the gun of the Lewis type and five machine guns were brought back and are in the armory.

In addition to the machine gun the baseball management is planning riding exercises. A pole is being set in center field. Just before game the big flag will be run up, with the sold Mayor Harley and the baseball players taking part.

The baseball game, between Aurora and the Chicago City is scheduled to start at 3 o'clock. It will be the game of the season. The park was have been opened last Sunday but grounds were too wet.

Manager Adams expects today to definitely from Joe Kernan, Chicago fielder, who will be played at second base for Oshkosh in the Wisconsin league and was drafted by White Sox. He fractured his left wrist on the training trip.

Mitchell will start the game for Aurora while either "Red" Ormsby or Bill Le will work for the Cubs. The latter is expected for Chicago in the Federal League. Ormsby has long been considered the semi-pro twirler in Chicago. He was the Garden City last season.

## Almost Every American Family Can Own a Maxwell Car

Because it costs only \$6 to \$8 a month to run a Maxwell—much less than the average American family spends on luxuries

The average American family spends a great deal more than \$6 or \$8 a month on amusements and luxuries, most of which mean nothing—wouldn't even be missed.

If you owned a Maxwell you'd want to be out in it as much as possible.

—which automatically would cut out more than enough of the cost of other pastimes to cover the cost of running your Maxwell.

—and besides, you'd be living better, healthier, happier, in the great out of doors,

—and you'd take your place in the world as the owner of a motor car.

That's what the brains behind the Maxwell have done—given the world a car every man can own.

An achievement! Isn't it?

**The Proof of These Statements**

There's no theory about these cost-of-operation figures. They're based on what thousands of Maxwell owners are actually doing—running their cars on an absolute outlay of only \$6 to \$8 a month.

These enthusiastic Maxwell owners tell us, too, that they get upwards of 30 miles out of a gallon of gasoline—many do better than that.

The Maxwell holds the world's record for a non-motor-stop run. A Maxwell stock car made 22,022 miles in 44 days and nights—on 22 miles on every gallon of gasoline used on that long jaunt.

We could tell of many other supreme tests of Maxwell power, endurance and economy.

—magnificent deeds, never equaled by any other automobile.

—but we'll cite just one more:

A woman drove this Maxwell 9,700 miles.

Mrs. Miriam Sealey, Professor at the Oregon Agricultural College, made a 9,700-mile tour across the Continent and back in a Maxwell.

Her total expense account was 1 1/2 cents a mile, including gasoline, oil and repairs.

And, remember, her journey was made on all sorts of roads—good and bad—across the desert and over the mountains.

That's the Maxwell! Isn't that the car for the man who knows the worth of a dollar?

**The World's Greatest Motor Car Value**

The Maxwell touring car, equipped with all accessories, costs you today only \$666 f. o. b. Detroit. Yet every bit of metal in it is the finest obtainable for the purpose used, and is rigidly subjected to the most advanced scientific tests.

Material cost has risen tremendously. How, then, can the best be used in a car priced so low?

The answer is—

—the purchasing power of an institution as vast as the Maxwell Motor Company,

—the most efficient machinery,

—the brainiest and most skillful mechanics,

—vigilant and scrupulous technical and executive supervision,

—and the development of one model, of time-tried and proved design, to as near perfection as brains and skill can make it.

The Maxwell engine is a marvel of power and punch—simple, steady, durable and flexible.

Maxwell parts are all of known efficiency—not an experimental item in the whole car.

**Maxwell—a Car to be Proud of**

With refinement of finish, with grace and dignity of form and line—your Maxwell will show up splendidly alongside any car.

It is roomy and comfortable, too.

**Let the Car Speak for Itself**

Come to our sales rooms and look the Maxwell over.

—inspect the car thoroughly, inside and out,

—ask us as many questions as you care to,

—you needn't take anything on faith, for every statement made here can be verified.

The Maxwell will make good, and we know it.

## Make Us Responsible For Your Tires

You don't have to "shop" among tire dealers to get the exact tire you want,

—nor buy one make of tire for your rear wheels and another make for your front wheels;

—but you can get exactly the tires which will give you the lowest-cost-per-mile of service among the five different types of United States Tires.

And then you can hold one company—the United States Tire Company—responsible for the result,

—which is much simpler than trying to fix the responsibility on two tire companies through two different dealers.

There are five to choose from,

—one for every need of price and use,

—and every one a tire of supreme service and low-mileage-cost.

### "School for Husbands"

Fannie Ward is seen as a clever young society woman in the picture-play adaptation of Stanislaus Stange's comedy, "The School for Husbands", which is at the Strand theater.

The photoplay version of this clever story was prepared especially for Miss Ward by Harvey T. Thew.

Betty Manners, the wife of John Manners, who loves to play the races, his wife, feeling that she must economize, goes around in ost unbecoming and inexpensive clothes. John becomes

infatuated with another woman just as his wife discovers that she is the heiress to a vast fortune. She realizes she is losing her husband by her plain dress.

She first arranges herself in better clothes and then, thru an old friend, manages to arouse her husband's jealousy. How the husband is taught to look only toward his own bedside, is brought about by many clever and amusing situations.

The production was made for the Lasky company under the direction of George Melford.

### CUDAHY moisture-proof hair mattresses

Cudahy Hair Mattresses cannot absorb dampness; the thousands of tiny spirals or coils, produced in the hair when it is curled, make it springy and porous. You can't mat it down tight; air circulates through it freely; water and moisture cannot remain in it. Children, especially, should always sleep upon a hair mattress.

### Most sanitary

Hair mattresses are sanitary; the impure vapors and moisture given off by the body, both in sickness and health, are not retained in the self-ventilating, porous hair mattress. The purifying rays of the sun pass easily into every nook and corner. A hair mattress never becomes sour, odorless, musty, damp or mildewed.

### Lower prices

The makers of Cudahy Sanitary Hair Mattresses have brought the price down to where it compares favorably with what you are asked to pay for inferior mattresses. They have accomplished this by their scientific processes of sterilization and manufacturing in enormous quantities, and their direct-from-factory sales policy. Everybody can afford a Cudahy Hair Mattress now.
